Item 4 Other Business Activities

Mr. Lombardo has financial industry affiliated business activities as an insurance agent. He is licensed to sell, for sales commissions, insurance products. Approximately 25% of his time is spent in these activities. From time to time he offers clients advice or products from this activities.

This practice represents a conflicts of interest because it gives Mr. Lombardo an incentive to recommend products based on the commission amount received. This conflict is mitigated by disclosures, procedures, and the firm's Fiduciary obligation to place the best interest of the client first and the clients are not required to purchase any products. Clients have the right to purchase these products through another insurance agent of their choosing.

Item 5 Additional Compensation

Mr. Lombardo receives commission from the sale of insurance products, but he does not receive any performance based fees.

Vince Lombardo may receive certain benefits from Gradient Investments, LLC (and/or its affiliated companies) based on achieving certain production thresholds. These thresholds are not based on the sale of any specific product or specific product type. These incentives include marketing assistance, access to technology, office support, and business trainings and trips. While some of these benefit the client, such as technology and training, some do not. This creates a conflict of interest because it gives an incentive to the representative to meet this threshold. This conflict is mitigated by disclosures, procedures and the firm's fiduciary obligation to place the best interest of the Client first. Clients are not required to use Gradient Investments, LLC or any of its affiliated companies.
